PROJECTS

- **YOUTUBE CLONE**

  A fully functional Youtube clone made with React, Tailwind and Rapid API.

- **CODE EDITOR**

  A Code Editor like CodePen but works offline and helps you to code in HTML, CSS and Javascript. Come and enjoy coding in a really good editor.

- **KBC GAME**

  Come and Play a game like Kaun Banega Crorepati and test your General Knowledge and win some real money too. Hahaha! Just kidding I am not Amitabh Bachchan ofcourse.

- **SPACE WEBSITE**

  A website that gives you a Tour of Space, is built by using React Hooks and gives you information about our Space and its components. Come and explore the beauty of Space
